# MIKOŁAJ GAJEWSKI

## EXPERIENCE

Two-year, part-time job at the IGINET computer service,  
thanks to which I gained knowledge of :

- Installing operating system Windows XP, Windows 7 and Windows 10
- Installing driver devices and freewares
- Diagnosis computers issue of PC class
- Replacement (installation) componentry
- Software configuration
- Configuration and update firmware

As a member of IEEE, I have made as a project a program  
in Java language which connects to database (PostgreSQL) based on  
chosen framework (SpringBoot). Currently I am working on another project, which is  
registration service and email verification in Java.

## SKILLS:

- Basic knowledge of programming language and framework - Java, Python, C, HTML, JavaScript, CSS, SpringBoot
- Basic knowledge of operation on databases (PostgreSQL)
- Command of english language on B2 level
- Command of MS Office programs
- Driving license cat. B

## COURSES :

I have done courses of programming :

- „Python dla początkujących" (03.03.2020)
- „Kurs Java 8 od podstaw dla każdego" (30.10.2019)
- „Java od Podstaw do Eksperta - twórz własne aplikacje " (27.09.2020)
- „Getting Started with Spring Boot " (06.07.2021)
- „Terminal, Bash & VIM Essentials" (03.03.2022)

## EDUCATION :

Member of Institute of Electrical and Electronics Engineers  
(from 17.12.2021)

Academic institution in Elbląg - Akademia Nauk Stosowanych w Elblągu  
(from 01.10.2021) :

- First-year student on Informatics subject - database design and application software

High school in Nowy Dwór Gdański (2018-2021):

- I have finished school with 4.6 average grade
- I was on math - physics profile with extended mathematics, physics and english

## PERSONAL PROFILE:

Currently I am doing a Python course on your own.  
Knowledge about HTML, CSS, JavaScript and C  
language I culled in academic institution. The basics  
about Java I gained in High school. I am expanding my  
skills to this day.

I am a young person, who wants to get a experience as  
a software developer, especially back-end.

Characterizes me systematicity, diligence, good team-  
cooperation and engagement. I am ready for  
omnifarious challenges related with programming .

## HOBBY:

- Computer science
- Basketball
- Sport-shooting
